

**Issue: Uses Cleaner Wizard out-of-handles issue with larger Delphi project**

**Environment Details:**

- CN Pack Version: 1.0.7.754 Build 2015.08.15

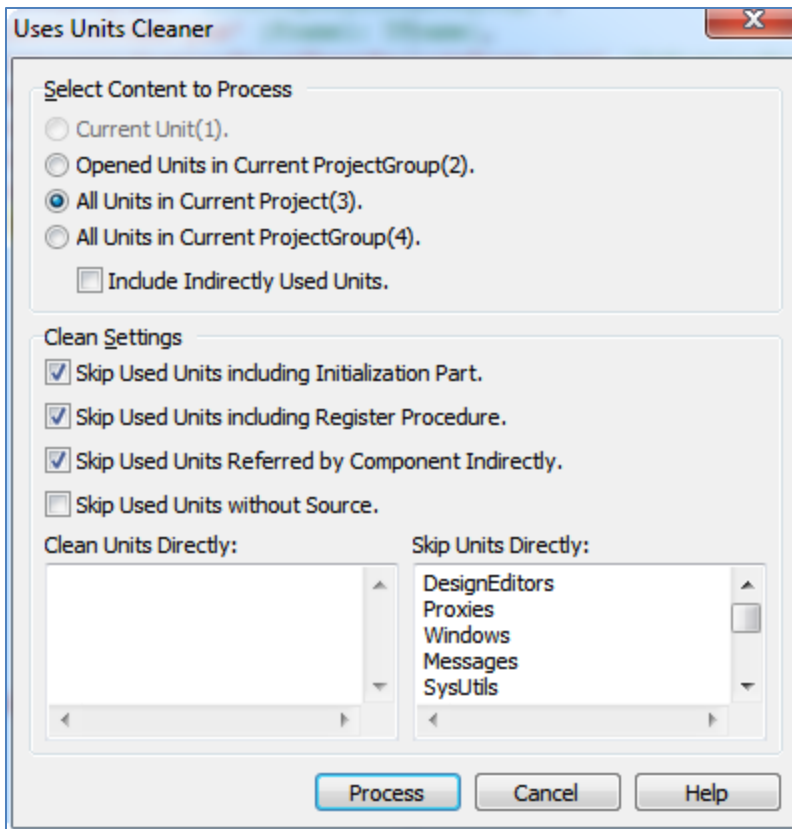

- IDE: Delphi 2007
- Operating System: Windows 7 (64 bit) with 8 GB RAM
- Number of unit files in a Delphi project: 3392

**How to Reproduce:**

**Step 1:** Start Delphi 2007 IDE & open the given project having 3392 unit files.

**Step 2:** Start “Uses Cleaner” wizard

**Step 3:** Select options as shown in the below screenshot & click on “Process”

**Step 4:** IDE starts compiling the project

**Step 5:** After sometime, IDE hangs and pops up below messages
